HOW IS IT DIFFERENT?

- Integrated with Campus Solutions
 - Course prerequisites and major, sequence, minor, certificate requirements must all still be built directly in CS by the Registrar's curriculum staff, these are not integrated with Coursedog
- New and revised course proposals must be fully approved BEFORE program proposals can be started
- Any major that has multiple degree options
 - Each one requires an individual proposal

ILLINOIS STATE
UNIVERSITY

Illinois' first public university

HOW IS IT DIFFERENT?

- [Anchor Syllabus](#) – required
- Undergraduate Sample Plans of Study (referred to as Degree Maps by Coursedog)
- Listing program requirements
 - This will need to be done for new and revised programs

ILLINOIS STATE
UNIVERSITY

Illinois' first public university

HOW IS IT DIFFERENT?

- Proposal information produces the catalog copy (requirements)
- Major/Minor/Certificate = Plan
- Sequence = Suplan
- Graduate Programs
 - 1 catalog

ILLINOIS STATE
UNIVERSITY

Illinois' first public university

HOW IS IT DIFFERENT?

- Courshedog uses the term Voting for approving proposals
- No co-authors
- No Strikethrough or highlighting to show changes
 - The proposal will show the changes made
