1. **Convene:** 3:05 pm by Newport
2. **Minutes: 3-4-2026 meeting.** No corrections; accepted as distributed.
3. **Action Items:**
 - a. [Computer Networking Major](#) (Revise Major)—Altenburger, Anderson
Altenburger described the changes in this revision. Questions were asked about what happens to IT170 when it is removed from this sequence, but it was decided that it may still be in other sequences, and this is a content question that does not need to be reviewed by the UCC. Anderson asked a question about whether electives that require MAT 120 and 145 would be considered hidden prerequisites. Hurd clarified that in this case they would not.

Altenburger made a motion to approve this proposal with the format edits. Anderson seconded. 12 in favor, 0 opposed, 0 abstained. The motion passed.

4. Liaison Reports:

- a. Council on General Education (Hurd)

The last meeting discussion was on whether 300-level courses should count as general education courses. It was decided that they can, but they will have a higher level of scrutiny than 100 or 200 level courses. Also, all prerequisites have been removed from general education courses.

- b. Council for Teacher Education (Hurd)
No report.

5. Miscellaneous:

6. Adjournment: Cheng at 3:35 pm. Saner seconded.
